

KIDS Inc.

*A Delfino Family Business in Beautiful
Apple Hill*

Our Story:

Back in 1960, Edio and Joan Delfino purchased a 20 acre parcel of land in Camino, California. Edio had just accepted a position as the Agricultural Commissioner of El Dorado County. The parcel was on a steep slope and covered with tall pine and oak trees. The Delfinos built a home and began a life in Camino with their family which would soon include seven children.

The Delfinos cleared five of the forested acres for 2600 apple trees and in 1964, Edio Delfino became one of the four founding members of the **Apple Hill Growers' Association**. The parents and children

worked hard on the apple ranch and when it came time to name the ranch, Edio and Joan left that up to the children. "Kids Incorporated" became the name not because the ranch was for kids, but because kids *worked* on the ranch. In 1972, the Kids Inc Pie Shop was built and Joan Delfino began a legacy of making GREAT APPLE PIE!

Even now, almost 50 years later, love of the land, care of the orchard and dedication to outstanding apple desserts are the highest priorities here at Kids Inc. We would love to invite you to stop by our ranch!

Ranch Events:
